TALK
ABOUT IT

THE ICEBERG

When we think about terrorism we often think of the attacks. The attack is the tip of the iceberg.

We don't tend to think of everything that has to happen beforehand or activity that is below the water line. What we mustn't forget is that before an attack, there has to have been a period of days, weeks, months or even years in advance of recruitment, fundraising and radicalisation. These are some of the hidden aspects of terrorism and they can happen anywhere.

If you see or hear something that could be terrorist related call the Police Hotline on:

0800 789 321

If you're concerned about someone in your community please contact your local police force by dialling **101** or if you require urgent police assistance dial 999.
